

## LYSOL Brand II Disinfectant Spray

Professional LYSOL Brand II Disinfectant Spray kills viruses and bacteria on environmental surfaces. It eliminates germs and odors on hard nonporous surfaces that you come in contact with every day. Use Professional LYSOL Brand II Disinfectant Spray:

Around toilet areas	Under sinks
On showers, sinks, and counters	In diaper pails
On door handles and telephones	In empty hampers
In empty garbage cans and recycling bins	In waiting rooms and sick rooms
In pet areas	In laboratories

Use to kill and prevent the growth of mold and mildew in showers, bathtubs, restrooms, attics, lockers, closets and damp storage areas. Excellent for controlling mold and mildew on mattress pillows and shower curtains.

**Eliminates Odors:** Professional LYSOL Brand II Disinfectant Spray deodorizes by killing the germs that cause odors. It eliminates odors at their source. Ordinary non-germicidal sprays can't do this. To eliminate odors retained in fabrics, spray on draperies, curtains and upholstered furniture.

Use LYSOL Brand II Disinfectant Spray In:

Hospitals	Health Clubs	Physician's Offices
Schools	Restrooms	Kennels
Nursing Homes	Ambulances	Hotels/Motels
Clinics	Dental Offices	Veterinary Offices
Day Care Centers	Restaurants	Office Buildings

Professional LYSOL Brand II Disinfectant Spray meets AOAC efface standards for hospital aerosol disinfectants.

**KILLS HUMAN IMMUNODEFICIENCY VIRUS TYPE 1 (HIV-1) (AIDS VIRUS) ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY/FLUIDS, in health care settings or other setting in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of HIV-1 (associated with AIDS).**

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.**

**PERSONAL PROTECTION:** When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks, or eye coverings.

**CLEANING PROCEDURES:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

**CONTACT TIME:** Allow surface to remain wet for 10 minutes.

**DISPOSAL OF INFECTIOUS MATERIALS:** Blood and other body fluids should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Hold can upright 6-8" from surface.

**To Disinfect:** Spray precleaned surface 2 to 3 seconds until covered with mist. Allow to stand 10 minutes to air dry.

**To control mold and mildew and their odors:** Spray precleaned surface until covered with mist. Repeat applications as necessary.

**To Deodorize:** Spray on surfaces as needed.

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

**WARNING:** Causes eye irritation. Do not spray in eyes, on skin or on clothing.

**FIRST AID:** In case of eye contact, immediately flush eyes thoroughly with water, remove any contact lenses, and continue to flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.
